

Mandy Drew

I started coming to SEC in 2002, having not had any experience of church before. Within a year, I started an Alpha Course and gave my life to the Lord. This is when my journey of faith, reality of grace and dependence on God really started. Prior to this in 1997, I married my childhood sweetheart, now SEC Minister, Nigel Drew.

We love to Worship and Serve God together, both inside and outside the SEC family. I have a burning desire to see people find peace and comfort in Christ through the local Church and to see Christian brothers and sisters grow in prayer, faith, their calling and in love with the word of God. Nigel and I have 2 wonderful adult daughters, Sarah 21 and Abby 18 who also both worship and serve at SEC.

I work full time for the Colchester Institute, where I have strategic leadership responsibility for the successful development, achievement and growth of both Apprenticeships and Commercial Business Training Programmes.

The joy of a full and busy life means when we do get to enjoy marriage, family and time with friends, it is very much cherished and valued.
